

PMC proudly carries American lamb from Superior Farms. Sourced from regions throughout California such as the lush Napa Valley, these lambs are humanely and sustainably raised by responsible family farmers.

Superior Farms excels because they put the flock first. Their long-standing commitment is to the well-being and care of the flock, set to pasture across vast grasslands, feeding on natural vegetation and on a supplemental grain diet as needed.

This passion results in the best quality lamb on the market, mild and flavorful every time.

We recommend rack of lamb, lamb shank or the distinctly delicious lamb osso buco!
